returns. These rules require management to evaluate the likelihood that, upon examination by the relevant taxing jurisdictions, those income tax positions would be sustained. Based on that evaluation, the Corporation only recognizes the maximum benefit of each income tax position that is more than 50% likely of being sustained. To the extent that all or a portion of the benefits of an income tax position are not recognized, a liability would be recognized for the unrecognized benefits, along with any interest and penalties that would result from the disallowance of the position. Should any such penalties and interest be incurred, they would be recognized as operating expenses.

Based on the results of management's evaluation, no liability is recognized in the accompanying consolidated balance sheets for unrecognized income tax positions. Further, no interest or penalties have been accrued or charged to expense as of July 31, 2022 and 2021 or for the years then ended. The Corporation's tax returns are subject to possible examination by the taxing authorities. For federal income tax purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

PPHS board of directors relies on its Health System Board Investment Committee, independent investment advisor, PPHS board approved investment policy statement, and regular Investment Committee meetings to manage and maintain a well-diversified investment fund portfolio which includes U.S. Equities, Global non-US Equities, Emerging Markets, Hedge Funds, Real Assets, Opportunistic, Fixed Income, and Cash and Equivalents. These PPHS investment accounts have long term strategies, goals and objectives and are related to specific healthcare related purposes including Defined Pension liabilities for employees, Malpractice Insurance liabilities and Hospital designated funds for future capital replacement of facilities and equipment as they wear out and need to be updated. Much like a retirement 401K or 403B account for an individual that accesses mutual funds that are well diversified, it is common for Funds, Fund managers and/or Specific Investments to be in United States jurisdictions or foreign jurisdictions in order to accomplish a greater investment risk diversification.

consistent with the benefit available to employees not impacted by IRS compensation limits on defined benefit plans. The amounts reported as supplemental executive retirement compensation for eligible employees in Schedule J represent credited, but not vested, benefits, and the amounts are available in future periods to the employee subject to continuing employment. Form 990 - Additional Information

Phoebe Putney Health System, Inc. (Corporation) is a not-for-profit health care organization that was formed to serve as the parent organization of a group of affiliated entities and as such, its primary purpose is to plan, coordinate, and direct the group and to provide centralized administrative and management services to the exempt entities in the group. The Corporation is recognized as exempt under Section 501(c)(3) of the Internal Revenue Code and is classified as a public charity under Section 509(a)(3) of the Internal Revenue Code. Currently, the affiliated entities comprising the group include: Phoebe Putney Memorial Hospital, Inc. (PPMH), Phoebe Foundation, Inc. (Foundation), Phoebe Putney Health Ventures, Inc. (Health Ventures), Phoebe Physician Group, Inc. (PPG), Phoebe Putney Indemnity, Ltd., Phoebe Sumter Medical Center, Inc. (PSMC) and Phoebe Worth Medical Center, Inc. (PWMC).

As a tax exempt organization, the Corporation has no stockholders or owners. All revenue after expenses is reinvested in our mission to care for the citizens of the communities served by the Corporation and its affiliated entities and includes clinical care, health programs, state-of-the-art technology and facilities, research and teaching and training of medical professionals to meet current and future needs.

Phoebe Putney Health System, Inc. operates as a charitable organization consistent with the requirements of Internal Revenue Code Section 501(c)(3) and the "community benefit standard" of IRS Revenue Ruling 69-545. The Corporation takes seriously its responsibility as the community's safety net hospital and has a strong record of meeting and exceeding the

charitable care and the organizational and operational standards required for federal tax-exempt status. The Corporation demonstrates a continued and expanding commitment to meeting our mission by providing community benefits. A community benefit is a planned, managed, organized, and measured approach to meeting identified community health needs, requiring a partnership between the healthcare organization and the community to benefit residents through programs and services that improve health status and quality of life.

Through its affiliated group of hospitals, the Corporation improves the health and well-being of Southwest Georgia through clinical services, education, research and partnerships that build health capacity in the community. Each hospital provides community benefits for every citizen in its service area as well as for the medically underserved. The hospitals conduct community needs assessments and pay close attention to the needs of low income and other vulnerable persons and the community at large. The Corporation often works with community groups to identify needs, strengthen existing community programs and plan newly needed services. In addition to providing free and discounted services to people who are uninsured and underinsured, the Corporation provides a wide-ranging array of community benefit services designed to improve community and individual health and to increase access to health care. The Corporation's excellence in community benefit programs was recognized by the prestigious Foster McGaw Prize awarded to the hospital in 2003 for its broad-based outreach in building collaboratives that make measurable improvements in health status, expand access to care and build community capacity, so that patients receive care closest to their own neighborhoods. Drawing on a dynamic and flexible structure, the community benefit programs are designed to respond

to assessed needs and are focused on upstream prevention.

As Southwest Georgia's leading provider of cost-effective, patient-centered health care, the Corporation's affiliated hospitals participate in the Medicare and Medicaid programs and are among the leading providers of Medicaid services in Georgia.

The following table summarizes the amounts of charges foregone (i.e., contractual adjustments) and estimates the losses (computed by applying a total cost factor to charges foregone) incurred by the affiliated hospitals due to inadequate payments by these programs and for indigent/charity.

This table does not include discounts offered by the organizations under managed care and other agreements:

Medicare	\$ 862,000,000	\$ 317,000,000

Indigent/charity	171,000,000	63,000,000
	\$ 1,354,000,000	\$ 497,000,000

The following is a summary of the community benefit activities and health improvement services offered by the hospitals and illustrates the activities and donations during fiscal year 2022.

The event was staged as a barber shop with topics on prostate health and prevention, healthy eating and being physically active. The leaders of the topic areas were Dr. McGill, Dr. Richardson, Dr. Rivers, and Dr. Heard (PPG). The event was held in conjunction with Morehouse School of Medicine, Peach State and the American Cancer Society. Network of Trust

This is a nationally recognized program aimed at teen mothers to provide parenting skills, attempt to reduce repeat pregnancies, and complete high school. This program also includes a teen father program along with other teenaged children programs. Internal evaluations show teens participating in the program are less likely to repeat a pregnancy prior to graduation. Network of Trust enrolled 22 teen parents (with zero repeat pregnancies) during the 2021/2022 school year at a cost of \$278,726. Projected results demonstrate teens that graduated from the two-semester program are less likely to have a second pregnancy prior to age 21. Four of nine Network of Trust seniors graduated in 2022. In addition, Network of Trust and the school nurse program provided teen pregnancy prevention programming, asthma and epi-pen education and conducted health education at summer camps.

B. Community Based Clinical Services

Flu Shots

The Corporation provides free flu shots to volunteers and students, and homeless shelters. In 2022, the Corporation administered 127 flu shots at an unreimbursed cost of \$2,358.

Mammography

PPMH provided 177 mammograms to the uninsured in 2022 at a cost of \$24,780.

Name of the organization Phoebe Putney Health System, Inc.	Employer identification number 58-2001014

School Nurse Program

PPMH places nurses in sixteen elementary schools, six middle schools, and four high schools in Dougherty County with a goal of creating access to care for students and staff, assessing the health care status of each population represented, and effectively establishing referrals for all health care needs. Nurses conducted CPR training, Safe Sitter classes, teen pregnancy prevention education, asthma and epi-pen education and health education summer camps. During the 2021/2022 school year, the school nurse program covered approximately 5,726 student lives. This program operated at a cost of \$279,489 in 2022.

Nurse Family Partnership

The Nurse Family Partnership (NFP) is a home visitation training for first time moms who are eligible for Medicaid/WIC from pregnancy until the child's second birthday. Without a variance from the National Service Office (NSO), the mom should enter the program no later than the 28th week of pregnancy. The BSN nurse provides scheduled visits throughout the pregnancy and until the child turns two. The goal of NFP is to have healthy moms having healthy babies. In 2022, the Corporation spent \$58,588 and provided services to 23 active clients.

C. Health Care Support Services

Although the Corporation anticipates reimbursement from various funding sources in fiscal year 2022, the Corporation wanted to highlight these life-saving benefits to the community:

Monoclonal Antibody Treatment

The Corporation provided 2,889 monoclonal antibody treatments to patients with COVID-19. Monoclonal anti-body treatment is authorized

Name of the organization	Employer identification number

to treat COVID-19 early in the course of illness, within ten days of symptom onset, in outpatient settings, and has been shown to reduce the risk of hospitalization by upwards to 70%. Additionally, monoclonal antibodies can be administered proactively after a potential exposure (source: PhRMA).

COVID-19 Vaccinations

The Corporation administered 7,044 doses of the COVID-19 vaccine to Southwest Georgia Residents (excluding employees) during 2022 across multiple sites. The breakdown by facility of the number of doses given is as follows:

- PPMH 6,274
- PSMC 770

Mobile Units

In fiscal year 2021 the Corporation purchased two 36-foot mobile healthcare units for \$946,869, funded through generous donations from Phoebe Foundation. These mobile units are dedicated to improving the health of our region's vulnerable residents in medically underserved communities throughout Southwest Georgia. Each unit is equipped with two examination rooms, equipped with comprehensive primary, specialty and occupational healthcare facilities. These exam rooms can accommodate full physical examinations, specimen collections, clinical vital readings, hearing examinations and respiratory testing. Each unit is equipped with Telehealth presentation site capabilities, which allow for a variety of subspecialty providers to evaluate and assess patients within the mobile unit. In addition, each unit is equipped with a wireless connectivity cradle point, allowing for real time medical documentation. Both units are self-sustainable, requiring no

external electrical or water hook ups.

The mobile units are designed to provide in-person primary care, virtual specialty care, and health & wellness resources in regular rotation across southwest Georgia, many of whom lack the resources to travel to service deliverable sites. Such access enhancements connect patients with medical professionals before an emergency room visit or hospitalization becomes necessary. Through low cost /no cost treatment, education, and referral to additional resources, the mobile clinics are able to keep potentially serious health conditions in check, helping targeted patient populations take control of their health in ways they'd never be able to otherwise.

In 2022, the mobile units partnered with Albany Area Primary Health Care (AAPHC) and Medicaid providers to host primary care clinics throughout rural Southwest Georgia.

The mobile units traveled 6,519 miles sponsoring 261 events and provided care for 6,148 community members from the following counties:

- Baker
- Calhoun
- Clay
- Crisp
- Dooly

Government Sponsored Eligibility Applications to the Poor and Needy
 The Corporation contracts for eligibility on behalf of the poor and needy that may be eligible for Medicaid. In some cases, it can take up to two years to be deemed eligible. In 2022 the Corporation paid \$880,550 to process these applications with 850 receiving Medicaid benefits.

The Light House

The Light House is a place of warmth, comfort and rest for families going through some of the hardest and darkest days of their lives. Our cancer patients sometimes have treatments in the morning and the afternoon. Many of them travel to Albany from outlying areas to receive world-class care and need treatments multiple days in a row. It's conveniently located across the street from the Phoebe Cancer Center and includes six bedrooms, each with a wheelchair accessible restroom and shower. motivational speakers and personnel at PPMH for a tour of medical facilities.

c. SOWEGA-AHEC Pathway to Medicine:

SOWEGA-AHEC, in collaboration with AAPHC and the Phoebe Family Medicine Residency Program, created the Pathway to Med School Program to address the critical need for primary care physicians in Southwest Georgia.

Knowing that students from rural communities are more likely to return to a rural area to practice and understanding the need to increase the pipeline of rural students enrolled in Georgia medical schools, it was determined that students from the 38-county region needed to become more competitive in the application process.

To determine how to make the students more competitive, AHEC polled the admissions committees from each of the medical schools in Georgia to determine what beyond MCAT scores and GPA would increase their chances of being accepted. The overwhelming consensus was a much needed and significant structured clinical shadowing and medical research experience. The Albany based Pathway to Med School Program was structured accordingly as a 4-week residential experience to include 50 hours of clinical shadowing in a primary care setting and 75 hours of community-based research to include data collection, interpretation, and presentation.

Southwest Georgia is a medically underserved area (MUA) and by supporting the efforts of local aspiring medical students at the pre-med academic level, we can improve access to healthcare in our communities.

Line 4b - Financial Accounts in Foreign Countries

PPHS board of directors relies on its Health System Board Investment Committee, independent investment advisor, PPHS board approved investment policy statement, and regular Investment Committee meetings to manage and maintain a well-diversified investment fund portfolio which includes U.S. Equities, Global non-US Equities, Emerging Markets, Hedge Funds, Real Assets, Opportunistic, Fixed Income, and Cash and Equivalents. These PPHS investment accounts have long term strategies, goals and objectives and are related to specific healthcare related purposes including Defined Pension liabilities for employees, Malpractice Insurance liabilities and Hospital designated funds for future capital replacement of facilities and equipment as they wear out and need to be updated. Much like a retirement 401K or 403B account for an individual that accesses mutual funds that are well diversified, it is common for Funds, Fund managers and/or Specific Investments to be in United States jurisdictions or foreign jurisdictions in order to accomplish a greater investment risk diversification.
